First-Year Required Programming

The University requires that all first-year students [freshmen, transfers, and international] attend mandatory programming. Two of these programs [ACE IT and FYCARE] must be completed in the Fall and the other [I-Connect] during the Spring Semester. Check your university e-mail for sign-up instructions.

ACE IT
Alcohol Culture Explored Interactive Theatre/The ACE IT Experience
odos.illinois.edu/ACEIT/
aceitprogram@illinois.edu
[217] 244-3685

What is ACE IT?
ACE IT is an innovative program that employs video and peer discussion to examine situations, attitudes, and choices regarding alcohol and the campus drinking culture. You will be encouraged to look at your own beliefs and behaviors regarding alcohol use, while listening to others and receiving information that will help you to make low risk choices in regard to alcohol consumption.

What will ACE IT be about?
Workshops are offered during the first three weeks of the Fall semester. You will participate in small-group discussions inspired by watching videotaped scenes representing the campus drinking culture. Each discussion is led by two peer facilitators to examine attitudes, situations, and choices regarding drinking in a non-threatening, nonauthoritative manner. ACE IT facilitators do not lecture, but challenge students to look at their own expectations and assumptions to avoid making high risk or passive decisions related to the use of alcohol.

Why are ACE IT and FYCARE mandatory?
In an effort to create and maintain a safe campus community, the University of Illinois has mandated that all students attend an ACE IT and FYCARE workshop during their first semester on campus. Evaluations show that the vast majority of past attendees found the workshops beneficial.

How do I sign up for ACE IT and FYCARE?
You will receive a joint e-mail from ACE IT and the FYCARE programs regarding attendance. The e-mail will include a link to register or reschedule if needed. ACE IT and FYCARE workshops are only offered during the early weeks of the semester, so schedule ASAP! In case of a conflict, you should reschedule promptly as there are no make-up dates later in the semester.

FYCARE
First Year Campus Acquaintance Rape Education
fyicare.illinois.edu
fyicare@illinois.edu
[217] 333-3137

What is FYCARE?
The First Year Campus Acquaintance Rape Education [FYCARE] workshop is an interactive discussion on campus sexual assault. National studies have shown that 1 in 5 women and 1 in 16 men will experience an actual or attempted sexual assault during their undergraduate career. Perpetrators are most often acquaintances—friends, classmates, or dating partners—of the victim. FYCARE focuses on the ways that all students can be involved bystanders and caring supporters who can look out for one another.

What will FYCARE be about?
FYCARE workshops focus on the dynamics of sexual assault, ways to support a survivor, understanding consent, and campus and community resources. The majority of workshops are held in residence halls. Trained peer facilitators lead students through an engaging discussion in a relaxed atmosphere, drawing upon their own experiences as students on this campus to keep the workshop informative and entertaining. FYCARE recognizes that sexual assault is a crime rooted in gender inequality, but also one that affects people of all genders.

I-Connect
Diversity & Inclusion Workshop
iconnect.illinois.edu

What is I-Connect?
The I-Connect Diversity & Inclusion Workshop is an experiential workshop designed to help us all embrace differences and recognize shared experiences in order to build a welcoming and engaged campus community.

What will I-Connect be about?
Facilitated by fellow students, I-Connect uses collaborative exercises and engaging discussion to build participants’ communication skills and their ability to collaborate, learn, and work in diverse environments. All of us—regardless of our experiences or identities—must understand both our similarities and our differences in order to work and live with one another. I-Connect workshops provide students with an opportunity to continue these important discussions and learn from each other.

How do I sign up for I-Connect?
In the Spring semester, you will be invited to register for an I-Connect Diversity & Inclusion workshop. You will receive further instructions on registering for your I-Connect workshop via e-mail. If you have any questions about I-Connect Diversity and Inclusion Workshop, e-mail us at iconnect@illinois.edu.

Campus Safety Video & Quiz
The University of Illinois requires that all new students be educated on the safety issues and concerns that may arise on campus. Personal safety is always a concern, but while you are adjusting to the University of Illinois community it is important to be aware of your new surroundings. Check your university e-mail for directions on how to view this mandatory video and take the quiz.

Move-In

Move-in day for new freshmen and transfer students is Thursday, August 20, 2015. Freshman residents of Living-Learning Communities who have registered for Living-Learning Community Orientation move-in on Tuesday, August 18, 2015. Keep information about Housing Move-in at your fingertips using our Housing Move-in App! Available for download at housing.illinois.edu/app.

Access to the Internet

Make sure you review the New Student ResNet Guide to connect your computer to the internet. The guide will explain what to bring, what to do before you come to campus to secure your computer, and how to connect your computer to the network upon arrival. For additional information visit housing.illinois.edu/technology.

Return for Another Year

Research has shown that students who live in University Housing are more likely to graduate in four years than a student who moves out after their first year on campus. University Housing has a variety of additional room types, meal plans, locations, and amenities for continuing students; namely, flexible contracts for students going abroad, a constant rate structure that locks in your room and board structure in the residence halls for up to four years, and a pet friendly apartment option. We encourage you to remember University Housing when selecting housing for your second year on campus. More information available at housing.illinois.edu/living-options/why-housing.

Private Certified Housing

Certified.housing.illinois.edu
[217] 333-1420

Within any given year, about 25% of the entering freshman class chooses to live in one of 15 Private Certified Housing units. Each facility offers an array of living accommodations, room types, and programming from religiously affiliated cooperatives to high rise residence halls. All facilities are air conditioned and most have semi-private bathrooms in addition to other amenities which range from in-room kitchens, computer labs, and wireless, to swimming pools and weekly housekeeping. Every facility is staffed with trained Residence Life staff to assist in the case of emergency, to refer to campus resources and provide both educational and social programming.

Because these facilities are certified by the University but privately owned, each has its own application, contract, and policies regarding move-in, early arrival, internet access, and meal plans. Please contact your private certified housing unit for this information. Your hall assignment is confirmed immediately when you sign a contract with a specific facility. Most private certified housing units will also send roommate assignments in June and July.

Similar to University Housing, Private Certified Housing units have scholarships, returning resident incentives, and additional amenities to encourage students to stay for a second year in these approved facilities.

Tenant Union

tenantunion.illinois.edu
[217] 333-0112

Apartment/Housing Search

The Tenant Union helps students learn how to conduct an apartment search, resolve disputes with their landlords, reviews leasing contracts, and provide tips for roommate problems. We provide an on and off campus resource list with landlord contact information and budget sheets. The Quick Guide to Renting is a valuable tool to help start an apartment search. It includes information about tenant’s rights and responsibilities, helpful forms, and checklists. This guide can be found as a hardcopy in our office or as a downloadable PDF file on our website.

Emergency Dean Program
odos.illinois.edu/emergency

The Emergency Dean program is an after-hours program intended to support students who are experiencing an emergency that requires an immediate University response and which cannot wait until the next business day [e.g., notification about a student death; a student has been critically injured; students are displaced from a residence due to fire or flood; a student may be a threat to self or others; etc.]. The Emergency Dean serves as a mechanism for alerting essential University personnel about an emergent situation involving students and/or the University but are not a substitute for emergency trained personnel such as 911, Fire or Police.

The Emergency Dean Program is only in operation when the Student Assistance Center is closed. The E-Dean is available after 5 pm on weekdays that the University is open and twenty four hours on weekends and holidays. The E-dean should not be contacted for non-emergency issues such as visa questions, issues related to absences from class or exams, questions about university deadlines/policy, etc. These kind of issues should be directed to the Student Assistance Center during business hours.

Taking Care of Yourself

Part of coming to college is learning how to manage your own health and wellness. Below you will find resources designed to help you manage and maintain a healthy lifestyle.

University Health Insurance Requirement

The Board of Trustees requires all students to have health insurance coverage for the duration of their time at the University. United Healthcare underwrites the University sponsored plan, the fee for which is assessed automatically at the beginning of every semester in which the participating student has registered for classes. Students who already have comparable coverage are able to opt out of the insurance and have the fee returned by filling out the online waiver at uhcsr.com/illinois. If the student does not opt out by the end of the open period at the start of each semester, they will be automatically enrolled in the insurance and the Student Insurance Fee will no longer be refunded.

Participating students receive comprehensive, worldwide coverage that meets all Affordable Care Act requirements. Insurance cards are accessible 24/7 using the online MyAccount system, also at uhcsr.com/illinois.

McKinley Health Center
mckinley.illinois.edu

McKinley is your campus health center. Conveniently located on campus McKinley Health Center provides student friendly primary care, women’s health, mental health and health education services. In addition the Health Center offers a variety of ancillary services including a pharmacy, laboratory and radiology. The Health Center is open Monday through Saturday and provides 24/7 telephone nurse access. The Health Center is accredited by the Accreditation Association for Ambulatory Health Care. This accreditation assures that we meet nationally recognized healthcare standards for quality and safety. For more information and to learn more about the full range of services visit the McKinley Health Center website.

Your Immunization Form

If you haven’t submitted your Immunization and Medical History Forms, you need to do so by July 1. The records may be faxed; however, international students must also bring their completed forms to campus. To find the forms visit mckinley.illinois.edu/general/admission.htm.

Public Safety

While we have a very safe campus, a community of our size is not crime-free. Three full police departments work hard to protect our campus community, but you play the most important role in ensuring your own and others’ safety. This is our community, and we all have to be partners in public safety. These tools are meant to help us do that.

Illini-Alert
Illini-Alert is our emergency messaging system which provides text and email notifications during campus emergencies. Sign up for Illini-Alert at police.illinois.edu.

You will automatically receive these if you have an illinois.edu email address. Otherwise, you can sign up for Campus Safety Notices at police.illinois.edu.
